General Processes and Guidelines

Pick up and check in procedures:

The pick-up time is always 7:00 pm in the summer or 5:00 pm in the winter on the **last day of the rental period.**

Example:

- **1 day rental** - will be picked up at 7:00 pm in the summer or 5:00 pm in the winter on the day that the vehicle was picked up. So, a "1 day" rental will be picked-up and checked-in on the same day.
- **2 day rental** - will be picked up at 7:00 pm in the summer or 5:00 pm in the winter on the second day or the "last day" of the rental period. So, a "2 day" rental will be picked-up and checked-in on the second day.

The pick-up will be on the last day of the rental period as per the examples above.

Daily maintenance for multi-day rentals:

We will come by every night at 7:00 pm during the summer and 5:00 pm during the winter for a multi-day rental period to top off the gas tanks (a full tank of gas a day is included in the rental), check tire pressure, etc. This is to make sure your buggy is ready for the next day's ride.

Night Riding: Night riding is **prohibited** in Wolf Pen Gap or any other trail system. This is mostly due to safety reasons. No one will be out there to save you if you need help. In some places any night riding with a UTV is prohibited and you may be cited.

Lights on while moving: Many of the turns in the park or on the county roads are blind. It is hard to see around them. Head lights are more easily seen through the trees and gives you more time to deal with oncoming traffic. It also makes it easier to spot your friends behind you on the trails while looking through the rear-view mirrors.

Road Rules:

- **Speed Limit:** The speed limit for off-road vehicles (OHV) is **25 miles per hour**. You can be ticketed for speeding on any road.
- **County Roads:** You may operate your UTV on county roads, but the above-mentioned speed limit still applies.
- **Highways:** Riding down a highway is **NOT** recommended. There is some leniency if you are not going far (to or from a trail) and not exceeding the speed limit as per above. Remember other traffic is travelling at highway speeds and may not see you in time. Crossing a highway to get to the trails is ok, but again look out for traffic. You can be pulled over and ticketed by law enforcement for riding an off-road vehicle down the highway.
- **City Limits:** Riding the off-road vehicles in the city limits is prohibited. Law enforcement issues tickets for riding within the city limits of Mena and may for the other surrounding small towns.

Alcohol: Alcohol is not allowed in Wolf Pen Gap. Of course, the penalties for drinking and driving are the same for an off-road vehicle as it is for regular vehicles.

Waterways: Crossing a creek on the trails, county roads are permissible. However, you are not allowed to drive in the creeks. It tears up the creeks and you may be ticketed by law enforcement. Of course, don't try to cross a creek if it will submerge the vehicle.

Private Property: Private property in most cases will be marked with "No Trespassing" signs on gates, fence post, trees, or other structures near the property line or will be painted in purple. The purple paint is a universal sign designating private property. If you see no trespassing indicators or are unsure if the property you are about to drive on is private, don't go that way.
